Puzzle #36 – May 2004 "Safety First"

Instructions: Guess the words defined by the cryptic clues (words vary in length from four to eight letters and include one proper name), then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Across words that don't end at the right margin continue on the next line below; down words that don't end at the bottom margin continue in the next column to the right. Seven across words and seven down words won't fit in the grid unless one of their letters is omitted. Those fourteen letters, taken in order, spell three words related to the title of the puzzle as well as to two words hidden in the completed grid that solvers are invited to find. As ever, I am grateful to Kevin Wald for help with the clues.
