Guest Puzzle #15 – March 2009 "US Historical Landmark" (by Arthur Schless)

Instructions: Guess the words defined by the cryptic clues (words vary in length from three to twelve letters, and six are capitalized) then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Across words that don't end at the right continue on the next row, and down words that don't end at the bottom continue in the next column. Nine across words and seven down words won't fit in the grid unless one of their letters is removed. Those sixteen letters spell a four-word phrase that bears on the puzzle's title and on the eleven-letter mystery entry buried within the grid.
