

# Puzzle solved

"Hall of Fame"

by John de Cuevas

The letters omitted from row words (in parentheses in the list below) are

**B C F G I J K L M O P Q U V W X Y and Z**

Missing are **A D E H N R S** and **T**

Taking them respectively 2, 1, 3, 1, 1, 2, 2, and 2 times gives

**AA D EEE H N RR SS TT**

which may be anagrammed to

**SANDERS THEATER**

7 SHE  
SPA

**Note:** Sanders Theatre, part of Memorial Hall, is famous for its design and acoustics. The 1,166 seats are arranged in a unique 180-degree pattern that provides unusual proximity to the stage. The grid for this puzzle was meant to reflect that pattern.
