

**Guest Puzzle #20 – December 2009 "Hit or Miss"**  
**(by Arthur Schless)**

**Instructions:** Guess the words defined by the cryptic clues (answers vary in length from three to twelve letters, and five are capitalized) then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Warning: The direction in which answers are to be entered alternates with every new row and column. Thus, across words that don't end at the right or left continue on the next row in the opposite direction, and down words that don't end at the bottom or top continue in the next column in the opposite direction. Eleven across words and eleven down words won't fit in the grid unless one of their letters is removed. Those omitted letter are to be placed outside the grid at the end of the row (right or left) or column (top or bottom) in which they occur. When properly placed, they spell an appropriate four-word phrase reading clockwise around the grid.
